Maryborough Industry Training Hub would like to invite you to put forward an Expression of Interest to complete a Fully Funded Certificate IV in Career Development Qualification in 2022.

A Certificate IV Career Development will help you to provide quality career development guidance to young people that are faced with an increasing challenge to transition successfully from school to further education, training or employment.

Career education assists students to reflect on their ambitions, interests, strengths and abilities. It helps them to have a greater understanding about career options, pathways, the labour market and employment, and to relate this to what they know about themselves.

Comprehensive career education aims to teach students to plan and make decisions about work and learning. Career education provides information about the labour market and about educational opportunities and supports students to use this information.

You will have the knowledge and skills to help students make informed decisions about courses and careers, see the connection between school and future careers and provide them with the skills and knowledge they need to effectively navigate multiple and complex careers throughout their life.

Prerequisites:

No formal entry requirements.

Currently or planning to work directly with year 10/11/12 students in schools in relation to Careers & Pathways.
