invites you to the

Munjoorum Fire Project

be part of the conversation

For fire and land management practice in the Wide Bay, Curtis Coast and North Burnett regions.

Let's yarn about protecting our cultural and natural assets by creating healthy Country, while acknowledging the importance of Cultural fire burning and Intellectual Knowledge.

The Munjoorum (coming together) Fire Project workshops bring together community, Indigenous Elders, government, and non-government stakeholders, to talk about solutions for managing fire on our Country.
