Brisbane	Friday, 24 January 2020	Virginia Palms Sandgate Road & Zillmere Road, Boondall	2:00PM

Presentations in relation to the below issues will be provided and Directors will be in attendance and they encourage you to attend and participate.

Issues to Be Discussed

1. Gladstone Ports Corporation

GPC agreed that direct payments from them could increase on review after 7 years. Directors have requested that this be bought forward and this has been agreed, and information will be provided in this respect at the meetings.

2. Minor Future Acts

Queensland Native Title Services has indicated that there needs to be amendment to the process for approving minor future acts such as the granting of a marine permit, and this will be discussed at the meetings.

3. ISIS Central Sugar Mill

ISIS Central Sugar Mill seeks to construct a sugar cane railway line so that cane can be delivered from Wallaville to the Mill at Cordalva. The line passes over a very small portion of state forest (800m²) within PCCC determined country. ISIS seek to enter into an ILUA with the PBC in relation to this area.

4. Thomas and Robert Gorton

Thomas and Robert Gorton are farmers in the Mullet Creek and Waterloo districts. They seek to secure water supply over their property by building a dam on their property. This will require revocation of 15 hectares of state forest in your determined native title area. Tom and Robert seek an ILUA with the PBC in respect of this land.

Unfortunately, no travel assistance is available to attend these meetings however we encourage you to come along and discuss these issues.

If you require any further information please do not hesitate to contact the PCCC Office:

Yours sincerely,

Daniel Reeves
General Manager

We would like to thank the Gladstone Ports Corporation for their continued partnership and support, and we acknowledge their financial and in-kind contribution to the PBC Roadshow.
